

WONDERING ALICE

Delia and her musicians take you into the adventures subterranean fantasy world of Lewis Carroll's *Alice in Wonderland* (1865) populated by peculiar, anthropomorphic creatures like the grinning Cheshire Cat, Humpty Dumpty or the introverted blue caterpillar smoking a hookah. Literary nonsense that is given lasting popularity with adults as well as with children.

A literary and musical journey with songs by Franz Schubert, Beatles, Tom Waits, Richard Rodgers, Anna Nalick, Delia Mayer and Hans Adolfsen.

HANS ADOLFSEN (piano) and DANIEL HILDEBRAND (harmonica).
